

Internal Audit Services

Our Mission for Service Delivery

Sententia Consulting partners with our clients to solve big problems, provide insights and contribute to improved performance, leading to a more risk-aware and controlled environment.

High quality support

All internal audits are delivered by a well-rounded team with senior representation. Our team has a long-standing relationship with the IIA, with qualifications from CPA, ICAA and ISACA.

Why Sententia?

We offer bespoke, fit-for-purpose solutions to meet our clients needs. Our diverse workforce of auditors offer industry leading expertise through innovation and forward thinking practices.

Stakeholder engagement

We respect our clients' time and understand the principles of valuable communication. Our team strive to engage with the right people, at the right time.

Project management

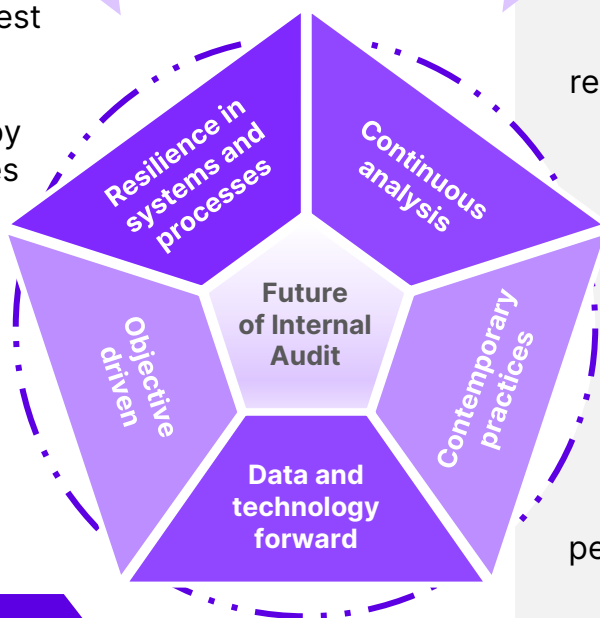

Our approach to internal audit delivery involves best practice project management methodologies, guided by our clients' key processes and audit objectives. We are experienced project managers with a focus on assessing risks to eliminate surprises for our client through engagements.

Uplifting client capability

At Sententia we understand how to maximise value and return on investment for our clients – through training and internal capability advancement.

Quality assurance

All Sententia products are subject to a multi-disciplinary peer review, collectively offering decades of auditing experience.
