

INTERNAL AUDIT SERVICES

WHY SENTENTIA CONSULTING?

We provide high-quality, fit-for-purpose solutions through the delivery of internal audit services aimed at solving your unique problems. We prioritise our independence and are proactive and forthright in our management of conflicts of interest. Our diverse workforce of professional auditors offer industry leading expertise to drive improvement across the public sector.

TAILORED AND PERSONAL APPROACH

We believe that the tailoring and personalisation of internal audit is instrumental in delivering high-quality services. As a strategic partner, we look to work with you to solve your problems by engaging with the right people at the right time to develop solutions that are fit-for-purpose and practical.

OUR EXPERTISE

Our internal audits are delivered by a well-rounded team that prioritises senior representation. We pride ourselves on the quality of our people, and our team includes CIA's, CISA's, CA's and CPA's. The skills and capability of our people are supplemented by our strong networks and deep federal government experience

HIGH QUALITY SERVICES

We are uncompromising when it comes to providing services and deliverables that are of the highest standard. We use a collaborative approach in our delivery to ensure that our products are fit-for-purpose, and we apply rigorous quality assurance processes to all engagements and deliverables.

UPLIFTING CLIENT CAPABILITY

As an external strategic partner, we understand that our role includes, and needs to prioritise, the transference of knowledge and experience. Through our collaborative approach to audit delivery and the development of tailored recommendations, we endeavour to provide substantial and sustainable uplift to not just the processes and projects we audit, but also the clients we work with.

COMPLIANT AND CONTEMPORARY METHODOLOGY

The Sententia internal audit methodology incorporates contemporary problem-solving solutions and is aligned to all aspects of the IIA's International Professional Practices Framework. While we work to ensure that our delivery is bespoke and considerate of your specific circumstances, our methodology underpins consistent high-quality delivery in alignment with current better practice.
